Sexual health (STI testing/treatment, HIV testing)	3	2	6	10	19
Immunizations/Vaccinations	2	4	6	12	16
First Aid services and over the counter medications	3	0	6	6	25
Physicals for academic programs and ARC athletics	3	1	8	10	18
Expanded evening hours for Health Center	1	3	13	7	16
Alcohol and drug/substance abuse counseling	4	4	8	9	15
Health educational workshops: nutrition, stress, etc	1	1	3	14	19
Online health educational materials	2	2	11	5	19

Additional comments and suggestions	
1	People with medical conditions should know about this and where it is located, and not be so hidden.
2	Flu shots on campus would be nice. A hot line you can go to if you are feeling suicidal would be great. It's nice to know that we have a place for flu shots.
3	I think all of this is a great idea. Help the people trying to help themselves.
4	I have been to your office many times. Thank you for helping me so many times over.
5	Refer out for drug/SA counseling. Provide crisis only SA assessment referral. Provide/host ongoing NA/AA. All other services necessary and appropriate at JC setting.
6	I would greatly appreciate volunteer opportunities when the Health Center and its programs expand.
7	Advertise services more!
8	Flu shots recommended.
9	Dental services.
10	People who really need it should pay. We already pay money for classes. People with existing insurance shouldn't have to pay on top of everything else.
11	Making sure that people understand what is where or how things work should be a major priority for all people!
