

## PROJECT INITIATION REQUEST

TOPIC:

Project teams may be used when a work group is needed to develop plans, design conceptual models, or execute previously developed items. Prior to requesting a new team, the council should consider whether the potential project has all of the following characteristics:

- Is strategic in nature and falls within the scope of the charge of the sponsoring entity
  - Has broad implications for the college and needs to be considered from multiple perspectives
  - Is not easily contained within the responsibilities of a single department or job function
  - Requires significant effort that is expected to extend a minimum of one semester
  - Results in one or more specific, tangible deliverables
  - Has potential to solve an existing problem, enhance the student experience, or improve institutional effectiveness
  - Is considered as a priority for consideration based on the council's professional judgement
-
