Goal	74%	62%	82%	71%	60%	81%

This metric reflects the course success rate of each fall's new, 1st time to college students at the end of their first fall semester. Course Success Rate is defined as the number of A, B, C, Cr, and P grades expressed as a percentage of all grade notations.

2021 Goal: For All Students, the 2021 Goal was a 5% increase in first term success rate. For each race/ethnicity, the goal is based on their baseline and adjusted to achieve a 40% reduction in equity gaps, consistent with the [Vision for Success goals laid out by the California Community Colleges Chancellor's Office](#)).

A separate analysis of the impact of COVID-19 and the move to a predominately online course schedule revealed that the lower success rates observed since the beginning of the pandemic are due largely to the change in enrollment patterns to online courses and the relatively lower success rates associated with online courses.
