FYE Resource Panel Proposal Online Decision	Lisa Aguilera Lawrenson and Tressa Tabares	<p>FYE Resource Panel. Basecamp electronic vote that was taken.</p> <p>Adam Karp: "Thumbs up". I am in support of IR providing support for this work.</p> <p>Susan Andre: "Thumbs sideways". Important Considerations: After spending a little more time reviewing the document and speaking to colleagues, I gathered additional feedback such as: Why such a short timeline? Getting lit. review finished by November 5th may be unrealistic. Why are we doing this research (again) since Start Right and iPASS teams already conducted research on programs on other colleges. Why aren't we looking at our own successful programs (such as EOPS, Puente, PRISE, Umoja, Student Athletes, ACE cohorts) in addition to other colleges; programs? Are we focusing on a class or a program or both?</p> <p>Rod Agbunag: "Thumbs up".</p> <p>Derrick: "Thumbs Up".</p> <p>EMPLE ID: W0506451: "Thumbs Up".</p> <p>Raquel Arata: "Thumbs Up, Very Nice!"</p> <p>Kate Williamson: "Thumbs Up".</p> <p>Heidi Bennett: "Thumbs Up."</p> <p>Robin Neal: "Thumbs Up".</p> <p>Pamela Chao: "Thumbs Up".</p> <p>Jennifer Laflam: "Thumbs Up".</p>	
Clarify Program Paths	Lisa Aguilera Lawrenson	<p>Bill Simpson gave an update on the Clarify Program Paths. Bill's team is on schedule, creating a new academic center leadership. Also working on software for solutions, and applied for Bakersfield grant but got turned down. Socrates is new to them. The Clarify Program Paths Project Team had concerns that perhaps the program maps would be used for decision making. Bill stated that it is important to honor the agreement to Senate and faculty that program maps would not be used for decision making, but that students would be encouraged to see a counselor. It was brought up that Ben in DE was working on a program that would allow scrolling through GE so that students could see options for the GE. This seemed to meet Counseling's interest that students have choices and content faculty interests that the maps not be used for decision making. We need the technology to help students stay on the paths to what they want. Need connection between the Clarify Program Paths and Achieve to ensure coordination and clarification with regard to program maps. Lisa will take this to PES and ELT as a point of discussion. We need someone from Achieve to join Bill's team. We will get back to the group.</p>

Question	Person(s) Responsible	Notes and Next Steps	

SEA	Lisa Lawrenson and Robin Neal	SEA is important as well but did not see any concrete evidence no details at all at the CCCCO training. SEA will mean that the three plans are integrated with well aligned goals. Institutional Equity Plan (IEP) charter was sent out. The main thing they need is to look at Equity for the institution as a whole, focusing on cultural shift. The IEP reports to the Institutional Effectiveness Council (Adam Karp is Chair and Bill Simpson is Co-Chair).
Institutional Equity Plan - Update, Draft Charter, Campus Wide Input	Pam Chao and Lisa Aguilera Lawrenson	IEP Charter was sent out on 10/16/18 by Lisa and is on our agenda in today's meeting. Campus culture - when will that be addressed? Pam Chao said that she and Joshua Moon-Johnson met all summer, and first week of classes for 12 hours, and for a full day retreat and additional two hours or more for meetings. Goal is to create a sense of community. The charter draft is done. First semester information gathering mini research projects done by December 15th. Listening sessions will be offered, and input will be uploaded to Google Docs. Goal is to draft a report done by March 2019. They did not follow all of the consultants (Sherry's) deadlines, but the charter is done. First semester will be information gathering using specific research in areas. There is a Town Hall from 10:00-1:00 on October 26th. There are two dozen stake holder groups and needs to be done by December and a draft by the end of March 2019 there are 5 different questions - equitable experience. State Chancellor's meeting said to spend money on outcomes for student equity. Achieve program helps students of color. Lisa suggested to the council members that they look through each plan to see where money is going. The state is making spending guidelines more flexible, but focused on student outcomes for equity.
