<b>ACTION ITEMS:</b>		

Question	Person(s) Responsible	Notes and Decision(s)	Next Steps
Approval of 11/5/18 ELT Notes	Thomas	Thumbs up	
Approval of Wellness Center Project Team Charter	Thomas	Correct typo in #2 of Project Objectives Thumbs up	
Approval of the Institutional Equity Plan Charter	Thomas	Remove “Ask Cheri” from Planned Governance Flow of Deliverables Thumbs up	Lead and co-lead to provide regular updates on plan to all four constituency groups
Approval of Institutional Effectiveness Council Charter	Adam and Bill	Thumbs up	
Does the ELT approve the ACCJC Midterm Accreditation Report, recognizing that this document will be brought back for affirmation should the district review process and/or other input result in edits/changes to the report?	Adam and Bill	- Timeline: final draft due to DO on January 2; Trustee approval on February 13; final approval by ELT on March 4; ACCJC submission in March - Two notations from the Academic Senate: 1) governance training information is technically correct but could be more self-reflective (intent is correct but not actually what happened); 2) system for discontinuing courses is not well used and perhaps need to indicate a need to investigate a better process (perhaps the joint use of High Point and Ad Astra) - Thumbs up	

#### DISCUSSION ITEMS:

Question	Person(s) Responsible	Notes and Next Steps
What are the key recommendations from the Wellness Center Project Team Report, and does this report meet the expectations as stated in the project team charter? Does the ELT need to tentatively approve any specific recommendations in this report now, due to timelines/deadlines?	Kuldeep and Olga and guest - Kolleen Ostgaard & Breanne Holland	- Recognized difference between health center and wellness center – consider when naming - Anticipate space being ready by Fall 2019 - WellSpace partnership (district-wide) for mental health services - Identified priorities: CLIA waiver, additional support, hiring of adjunct nurses & contracts - Student survey almost ready for distribution – seeking input from students on what they would like to see in expanded services - Question raised about special needs for marginalized groups - survey is detailed enough to capture special needs from marginalized groups; could also capture those needs through involvement in an advisory committee - Survey to staff and faculty not discussed but is a future possibility - Once student survey is deployed, an email will go to all staff in an effort to encourage student participation - New job description will be needed for coordinator position (pending bargaining unit assignment); position seen as needing some clinical background but also managing/coordinating of events, contracts, etc. - Thumbs up on the following: 1) workspace design; 2) coordinator position development; 3) CLIA waiver; 4) equipment identified and purchase process beginning in Spring; 5) identification of adhoc committee to oversee actual implementation of new center - Note: Allocations not yet received from District to fully support all recommendations at this time
What are the short- and long-term implications of the Goal Setting Guidance by the CCCCCO? Specifically, what are the College and District doing or will be doing to meet the December 15th deadline: Colleges must certify to the Chancellor’s Office that a process is underway to set measurable, aligned goals.	Adam Karp	- All colleges must indicate work (in process or planned) that aligns with CCCCCO’s Vision for Success; certification of work required to CCCCCO by December 15 - Going to develop a crosswalk between our Strategic Plan/work and the Vision for Success goals - Initial rollout expected at Convocation presentation this Spring - Suggestion to be very clear in communications/presentations on where target goals come from
