Student Success Council Charter. Our charter needs to be reviewed and updated to reflect the current work of the Council. This will take a few meetings, so I wanted to introduce the topic now and start the discussion. Looking at the charter, what do we need to update? Some questions to consider: --Are we doing all the tasks listed in our charter? If not, should we remove those we aren't doing? --Are we doing tasks that are not currently listed in the charter? If so, should they be added? --Are there tasks listed in our charter that we believe should be done by another Council or campus group? --Does our membership include the right balance of Classified Staff/Managers/Faculty to accomplish our goals? Please feel free to add comments directly into the Google doc (attached)	Sarah Lehmann	30 min.

Homebases Overview, 2pm. Jazzie Mugazano Murphy will join us to share an overview of the Homebases program and how it supports students. If you have any questions about the program, there will be time for Q&A.
