Ensuring Racially Minoritized Students Benefit from Guided Pathways Webinar Part 3: We will continue our discussion around the Decentering Whiteness in Pathways webinar series. Please watch the webinar before the meeting and come prepared to share a "Golden Line" -- in other words, a sentence, sentiment, fact, or concept that resonated with you. https://urldefense.com/v3/__https:/app.box.com/s/g5ecmyypm5m0a0mq63n8oz9kotp5fmum__;!!LIr3w8kk_Xxm!6PqsPv044wAms7iRJNUwhVivZuPQs4T77W0Qy9Xam16ifaBKDj822OWbfOc3MCdMyWD4$	Frank Kobayashi, Sarah Lehmann, Marianne Harris	Discussion focused on Part 3: Decentering Whiteness webinar by members who shared insights, perspectives, emotions, and raised questions about the design of HomeBases, data analysis and the outcome of the work completed to date.
New AB 705 Guidance and Math, Part 1 (2pm) The College has received guidance from the State Chancellor's Office that beginning in Fall 2022, no below-transfer level math courses may be offered (with a few exceptions). To help the Council understand what's going on, representatives from the math department will provide a brief reminder of what AB 705 is, the rationale behind it, and how it has been implemented in the Math department over the last few years. Then, they will explain what this recent guidance says and what it means for ARC Math classes. Then, there will be time for questions & discussion.	Frank Kobayashi, Adam Windham, Sharon Gott, Michelle Brock, Phil Smith	Math Chairs Michelle Brock and Phil Smith outlined the interpretation of the memo from the State Chancellor's Office that stops the offerings of pre-transfer math classes starting in Fall 2022; this may represent around 40% of math classes at ARC. All departments may be affected as many require these prerequisite math classes for students to be able to move forward in their major. Enrollment has decreased over the past 3 years, and it will continue to decrease due to the unintended consequences of AB705.
