<b>DISCUSSION ITEMS:</b>			
<b>Question</b>	<b>Person(s) Responsible</b>	<b>Notes and Next Steps</b>	
		Native American Resource Center (NARC) discussion points: - 22 years - Move to the Unite Center has been positive and collaborative - Have had high schoolers that were not able to graduate - Have had returning elders (some of which are not degree seeking, but interested in Arts, Sports, self-exploration) - Receiving \$30 million in funding from the State Chancellor to help build up the NARC - Have an Elder in Residence on Tuesdays providing hands on work with students on Natural Resources, community, building relationships - The Native student total population in the California community College system before the pandemic was 10,000 or so - Then became the most impacted group in terms of enrollment to approx. 6,000-8,000 - Since the outreach effort started about a year and a half ago they have rebounded 7% - 150 Native students on campus - 20-30 actively using the center - Oscar Gomez (HomeBase Coach and NARC alumni)	

<p>Native American Resource Center (NARC) - 1pm The following were provided as potential areas of focus for the presentation: Program Overview Successes - Institutional - Programmatic Challenges Encountered - Barriers students encounter - Programmatic barriers Supports Needed - Student - Program</p>	<p>Jesus Valle</p>	<p>has been instrumental in connecting students to NARC  - Native student population is about 150; 4th largest in the state. About 20-30 actively use the center, the others are working, taking remote classes, may have one class 1 day a week</p> <p>Goals:  - Create MOUs -- relationship based work; can't be rushed, grounded on being real  - Areas of focus include: vocational, workforce development; creating space for elders; traditional planting on campus; creating a demonstration area (e.g. Effie Yeaw)  - A holistic approach to education is how we approach learn; it's not separate from your lifeway or reality, so for students to see themselves supported through campus partnerships (MOUs) is powerful  - Nimo offered to partner with high school recruitment, and Anthony offered additional support via HomeBase.</p> <p>Questions:  - How can HomeBase personnel support? (make connections)  - Are you aware of the Beaver Connections Survey?  - Proposed use for grant \$  - Hire FT coordinator/scale up elder in residence program (teaching history, indigenous planting)  - Developing MOU's with local tribes concerning their needs with outreach work</p>
<p>Pacific Islander Asian American Resilience Integrity Self-Empowerment Education (PRISE) - 1:30 pm The following were provided as potential areas of focus for the presentation: Program Overview Successes - Institutional - Programmatic Challenges Encountered - Barriers students encounter - Programmatic barriers Supports Needed - Student - Program</p>	<p>Caroline Prieto</p>	<p>PRISE Center discussion:  - Pacific Islander Asian American Resilience Integrity Self-Empowerment Education  - Potential name change to better incorporate students served  - Wanting feedback  - 66 students (new/returning/graduating)  - Serves more that Pacific Islander community (e.g. some Afghani students identify as Asian and others as Middle Eastern)  - Combining support of class work and outside issues  - Making it all culturally relevant  - Looking for support staff (SPA and counselor)  - Data tracks classes but not student stories  - Need to track transfer rates  - Tutoring in UNITE  - Moving all meetings to in-person  - Referrals needed to boost program  - Looking to improve AAPI enrollment; currently offering English and Communications classes that are exclusive to PRISE</p> <p>- Jen and BJ offered to provide support in securing descriptive outreach data that's needed</p> <p>- Nimo Offered to sit in at orientations to connect students to the program and send welcome letters on behalf of learning communities</p> <p>Discussion:  - Counseling could meet up w/students after orientation to help match to learning communities  - Collaborate with API Learning Community</p>
		<p>Puente Program  - 40 year model  - Team of 5 (SPA/Faculty/Counselors)  - 3 Cohorts each semester  - Puente has expanded to Washington and Texas  - Middle schools are being added to the program  - Recommend courses taught by equity minded instructors  - Mentoring: one-on-one, small groups, online mixers  - Fostering community (social and cultural events)  - Transfer culture (campus tours, counseling, support)</p>

Puente - 2:30 pm The following were provided as potential areas of focus for the presentation: Program Overview  
 Successes - Institutional - Programmatic Challenges Encountered - Barriers students encounter - Programmatic barriers Supports Needed - Student - Program

Melissa Diaz

-Statewide MOU wants fully in-person, but the need is there to meet students where they are  
 - Identifying mentors from 3 cohorts is a challenge, but allows to add students at any point in the school year

Support needed:  
 - Support for 3rd cohort  
 - Students first means support various modalities  
 - Need to align campus offerings for hybrid/online cohorts, in particular, to keep cohorts intact  
 - Budget issues cause delays and cancellations  
 - Information sharing  
 - Additional .5 FTE (.25 each for instructor and counseling)  
 - Statewide office is looking for a more equitable allotment for Cathy and Carmelita so the additional cohorts have their own coordinator and counselor

Challenges:  
 Budget delays; district interaction can be slow and cumbersome and lacking transparency.

**ITEMS FOR FUTURE CONSIDERATION:**

Topic	Contact Person

**OTHER INFORMATION:** Final meeting of the semester May 2nd, 2023
