DISCUSSION ITEMS:

Question	Person(s) Responsible	Notes and Next Steps
Retiree Reception/Years of Service	Kaitlyn Collignon (PIO)	<ul style="list-style-type: none"> -The reception is an annual event that invites retirees from the current academic year to celebrate their retirement. -Decision was made to incorporate years of service into this event as well. -This year, the goal is to make the event more ARC branded in spirit -A spring '24 date will be selected in the near future. -The importance of still recognizing retirees at convocation was emphasized.

Commencement	Kaitlyn Collignon (PIO)	<ul style="list-style-type: none"> -An update was shared about current discussions about splitting graduation into two so fewer students will have to turn family/friends away from attending. -Reception of this idea was positive so long as operations believed it to be feasible and communication about the split was done
--------------	----------------------------	---

		<p>strategically.</p> <p>-The group determined that the evenings of Thursday and Friday May 16th and 17th would be preferable over mornings.</p>
AB 1705 Math Validation Response	Brian Knirk (AS)	<p>-The state released information early last week about preliminary data they have specific to STEM majors. -The information questions whether there should be a sequence of math courses prior to calculus. The data suggests that students should immediately be placed into calculus without precalculus courses.</p> <p>-Our math faculty are concerned about the impact this would have on students if the district chooses to go in this direction</p> <p>-Nothing has changed thus far but this data release however, the Chancellor's Office sent out an email requiring the Academic Senate to respond by June 1 with a decision regarding four potential options for moving forward</p> <p>-Our math faculty are currently discussing these options at length -The Academic Senate hopes to vote in support of the math faculty's preferred option</p>
2023-24 Annual Unit Planning (AUP) Summary Report https://drive.google.com/file/d/1NkudTGpbGGLfuyKpQNbjh0x5GnhsQLry/view?usp=sharing Background: The AUP Summary Report (see PDF attachment) summarizes actions taken by all Program Units that submitted AUPs in Fall 2023. The report also shows the relationship between actions, resource requests, and our Strategic Goals. Discussion: Discuss the frequency of department actions in relationship to our Strategic Goals. What goals are receiving attention from programs? What parts of our Strategic Goals are receiving less attention? How can this information inform Leadership priorities, plans, and communication in Spring and Fall 2024?	Jeffrey Sacha (IEC)	<p>-Overview of what the document is</p> <p>-The updates included new features to make it easier to read and point to different information</p>
2023-24 Annual Unit Planning (AUP) Summary Report https://drive.google.com/file/d/1NkudTGpbGGLfuyKpQNbjh0x5GnhsQLry/view?usp=sharing Background: The AUP Summary Report (see PDF attachment) summarizes actions taken by all Program Units that submitted AUPs in Fall 2023. The report also shows the relationship between actions, resource requests, and our Strategic Goals. Discussion and Recommendation: In the discussion about the AUP Summary report at IEC in February, some important questions and points were raised regarding administrative response to departments' plans and requests for support in their AUPs. The IEC expressed a desire to "close the loop" more transparently and effectively by ensuring that requests in the AUP are either met or addressed by management in a timely manner. The IEC recommends including institutional response as part of the AUP process. For example, Deans could document the response and support they provide to departments in the Integrated Planning Portal by a given date each Spring, and this process can be reflected in the Deans' evaluation process.	Jeffrey Sacha (IEC)	<p>-Deeper discussion about documentation of collaboration between deans and faculty/dept. chairs for resource requests and goal achievement ensued.</p>
