UPDATES AND BRIEF REPORTS:		
Topic	Person(s) Responsible	Notes
Review of notes from 9/3/25	Dianne Cervantes	FROM last meeting: -Revisions needed for naacsp grant -ai update from Doug. Lit review almost complete. Not sure when launched. -AI ethics, almost finalized -Survey looking at questions/feedback & topics - new & cont. students, enrollment numbers, possibly inviting people from HB,Coaches, people in new roles "undecided majors" -CTE programs and what is discussed with HS and comm. ptners -Martin Gomez & transfer center and how it works, aligns with new/returning students -Reviewed Dusty Baker Center, consider inviting. Not clear what they offer for athletes and where HB fits in - Having more info on accountability/advocacy -HB co-location update, did not have it yet -Tutoring/embedded tutoring, Marianne or Cesar brainstorming what imbedded models exist and how to bring them into spaces. -Unit collaboration with Homebase  Q. Where is undecided - academics/home bases - new website page "Support for Undecided Students" connects students with someone to start conversation
Items from ELT	Angela Milano	-Snapshot of last meeting: charter, faculty review, student purview. Doug Herndon was invited to attend. Confusion with AI charter with Academic Senate- reclassified as resource group from task force . Resource panel should submit what's possible to SCC. -Reviewed charter and current membership and positions. Language changed to reflect the new chair rotation. -No other changes to duties -Two changes to charter - added NSSSSP Would you like to vote or reflect on changes  Would senate want to weigh in on balance of faculty representation? (Math & English/ESL). Senate might have feedback due to curricular changes in Math. Angela - we could make that recommendation. Agreed to move forward to ELT
Update on Homebase relocation	David Mirmontes-Quinones	-Appreciation for feedback at listening sessions from Spring, Summer and Fall 2025 -HB launched with funding for 5 years. Co-locating due to funding. -Current support for up to 3 physical spaces. -Want to assure centralized locations that are accessible. Reviewed options and issues with each. -MCT designed with HB in mind. So, leaning towards 2 locations: * MCT *LRC for balance of HomeBases, exploring options in building for visibility. Decision is pending. Concerns: Noise, ESL testing location. -Goal: final decision by the end of September. Move-in: Winter break 25. Spring 26: transition planning, pilot pop-up model, launch co-located HomeBases in LRC.  Q. Is purpose for HB changing? (not major focused as originally designed, and 1-stop shop)

A. Will have support, orientation etc. as before.

Q. Could community rooms be used instead of LRC? Already close to student functions and social spaces.  
Might eliminate the noise issue.

There is an issue with the social/engagement issue and better utilization or student union model.
